

## **P2: Fire and Ice**

**By Robert Frost**

### **Question and Answers**

Q.1 There are many ideas about how the world will 'end'. Do you think the world will end some day? Have you ever thought what would happen if the sun got so hot that it 'burst', or grew colder and colder?

Ans.: Yes, the world may end someday due to natural or human-induced causes. If the sun bursts it would lead to catastrophic destruction, burning everything. Conversely, if it grew colder, life would become unsustainable due to freezing temperatures, resulting the extinction of all living beings. Q.2 For Frost, what do 'Fire' and 'ice' stand for?

Ans.: For Frost, 'Fire' symbolizes intense emotions like desire and greed that can consume individuals and society. 'Ice' on the other hand, represents hatred, indifference and insensitivity, which can destroy relationships and humanity through coldness and rigidity.

Q.3 what is the rhyme schemes of the poem? How does it help in bringing out the contrasting ideas in the poem?

Ans.: The rhyme scheme of the poem is –ABA ABC BCB

This structure emphasizes the contrasting ideas of destruction caused by fire (desire) and ice (hatred). The interwoven rhymes reflect how both emotions are interconnected yet equally capable of bringing about devastation.
